

ANJALI DESHMUKH

Software Development Intern Candidate | React · Python · Flask · MERN

Bhilai, Chhattisgarh, India | +91 7000775902 | anjalideshmukh2275@gmail.com | linkedin.com/in/anjaliideshmukh22 | github.com/anjaliideshmukh | [Portfolio](#)

SUMMARY

Computer Science Engineering student with hands-on experience across the stack — building responsive UI with React and JavaScript, and backend applications with Python, Flask, and MySQL, including a machine learning-based URL phishing detector and an AI chatbot-powered career guidance platform. Completed frontend development training building production-style UI components and currently strengthening full-stack skills through the MERN stack and consistent DSA practice. Seeking a software development internship to contribute to real-world projects and grow alongside experienced engineers.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, C++, HTML5, CSS3
- **Frontend:** React.js, Vite, Responsive Web Design, CSS Grid/Flexbox, DOM Manipulation
- **Backend & Data:** Flask, MySQL, scikit-learn, Pandas, NumPy, Botpress Cloud, MERN Stack (MongoDB, Express.js, Node.js)
- **Tools & Design:** Git, GitHub, Vercel, Figma, UI/UX Design, Data Structures & Algorithms (DSA)

PROJECTS

Career Compass AI | Personal Project

Jul 2026

React.js, Botpress Cloud, Vite | [Git](#), [GitHub](#), [Vercel](#)

- Built a responsive career guidance platform using React.js and Vite, integrating a Botpress Cloud AI chatbot to help students with career planning, resume improvement, and interview preparation; deployed via Vercel with Git/GitHub version control.

Portfolio Website | Personal Project

Jul 2026

React.js, Vite, CSS Grid/Flexbox | [Live Demo](#) | [GitHub](#)

- Developed a fully responsive personal portfolio using React.js and Vite, built with reusable components and CSS Grid/Flexbox for a mobile-friendly layout.
- Implemented mobile-friendly navigation using React Hooks (useState) and deployed on Vercel with continuous updates via GitHub integration.

URL Phishing Detector | Personal Project

Aug 2025 – Jan 2026

Python, Flask, scikit-learn, Pandas, NumPy

- Built a Flask-based web application using a trained machine learning model to classify URLs as phishing or legitimate in real time.
- Integrated a responsive frontend with backend prediction logic, handling model inference and result display end-to-end.

School Management System | Personal Project

Aug 2024 – Jan 2025

Flask, Python, MySQL, HTML, CSS, JavaScript | [GitHub](#)

- Built a School Management System with Flask and MySQL to streamline administration — managing students, teachers, attendance, and academic records.
- Designed an intuitive web interface using HTML, CSS, and JavaScript for the frontend, backed by a relational database for record management.

Sweet Treats – Bakery Website | Personal Project

HTML, CSS, JavaScript | [GitHub](#)

- Built a multi-page, fully responsive bakery website from scratch, covering layout, navigation, and styling across all pages.

EXPERIENCE

Vocational Trainee | KodeZen Technologies Pvt Ltd

June 2026 – July 2026

Bhilai, India

- Building responsive UI components using React and modern JavaScript practices, gaining hands-on exposure to how production-level web applications are structured and built.

UI/UX Intern | Jyesta Corporate Entity

July 2025 – September 2025

Bhilai, India

- Designed UI mockups, wireframes, and interactive prototypes using industry-standard design tools, focusing on user-friendly layouts and visual consistency.

Vocational Trainee | Bhilai Steel Plant (SAIL)

August 2025

Bhilai, India

- Completed a 4-week project-based vocational training, independently executing a Flask-MySQL application for industrial production tracking — managing the full project lifecycle from requirements to final submission.

EDUCATION

Bachelor of Technology, Computer Science Engineering | Shri Shankaracharya Technical Campus

Sept 2023 – Sept 2027

CGPA: 7.7 / 10

Senior Secondary Schooling | Sector 10 Senior Secondary School, Bhilai

CERTIFICATIONS

- Lenovo NextGen Scholars Program in AI
- UI/UX Design Training Certificate – Project-Based Vocational Training
- Oracle Cloud Infrastructure AI Foundations Associate
